

DiaSys QDx UriLyzer 100 Pro

Why Choose?

The **DiaSys QDx UriLyzer 100 Pro** is a compact, fully automated urine strip analyzer designed for reliable, fast, and standardized urinalysis. It ensures accurate results with minimal manual handling—ideal for laboratories, diagnostic centers, and hospital OPDs.

- “Reliable, automated urinalysis for fast and accurate results.”
 - “High-throughput urine strip analysis made simple.”
 - “Precision-driven optical technology for dependable diagnostics.”
 - “Automated workflow that reduces errors and saves time.”
 - “Compact design, powerful performance—perfect for busy labs.”
 - “Smart urinalysis with effortless calibration and QC.”
 - “Seamless LIS connectivity for efficient reporting.”
 - “Your all-in-one solution for rapid routine urinalysis.”
-

Unique Selling Points

- **Fully Automated Strip Handling** for consistent, error-free readings.
 - **High-Speed Throughput** of up to 100 tests per hour.
 - **Advanced Optical Technology** for precise color interpretation.
 - **User-Friendly Interface** with clear, intuitive navigation.
 - **Compact, Space-Saving Design** perfect for small and medium labs.
 - **Flexible Connectivity** for LIS integration and seamless data transfer.
 - **Automated Calibration & Quality Control** for dependable performance.
 - **Easy Maintenance** with minimal downtime and low reagent consumption.
-

Clinical Benefits for Hospital Laboratories

- Provides **standardized and reproducible urinalysis results**.
 - Reduces manual errors and enhances diagnostic reliability.
 - Handles **multiple urine strip parameters** for comprehensive screening.
 - Quick turnaround improves patient flow in busy labs.
 - Suitable for **routine, emergency, and OPD testing**.
-

Emergency Testing Performance

- Fast analysis enables quicker decision-making in urgent cases.
 - Stable and accurate results even with high testing loads.
 - Automated workflow prevents delays and reduces technician burden.
-

Why Hospitals Choose

- Trusted performance with **consistent accuracy and stability**.
 - Ideal for high patient volume environments.
 - Designed to support smooth workflows with minimal user intervention.
 - Reliable, durable construction built for long-term laboratory use.
-

Transform Your Laboratory Today

Upgrade to the **DiaSys QDx UriLyzer 100 Pro** and experience faster, smarter, and more reliable urinalysis—delivering accurate results that keep your laboratory efficient and patient care seamless.
