

Arkray Urine Orinalyser U120 Smart Digital Urine Analyzer

Why Choose?

The Arkray U120 Smart delivers fast, precise, and fully digital urine analysis—perfect for hospitals and diagnostic labs that demand accuracy, convenience, and efficiency.

- Digital urine analysis with fast and precise results.
 - Compact analyzer designed for high-performance hospital labs.
 - Accurate optical detection for reliable diagnostics.
 - Fast throughput boosts daily laboratory efficiency.
 - User-friendly digital system reduces human error.
 - Durable, low-maintenance design for long-term use.
 - Automated readings ensure consistent clinical outcomes.
 - Smart, compact analyzer that fits seamlessly into any lab.
-

Unique Selling Points

- **Digital Accuracy:** Advanced optical detection ensures highly precise and consistent results.
 - **Fast Throughput:** Processes multiple samples quickly for improved lab productivity.
 - **User-Friendly Operation:** Intuitive interface for easy training and smooth workflow.
 - **Compact, Space-Saving Design:** Small footprint ideal for any lab setup.
 - **Reliable & Durable:** Built for continuous use with low maintenance needs.
 - **Stable, Error-Free Performance:** Automated reading reduces variability and manual errors.
 - **Safe Sample Handling:** Designed to minimize exposure to biohazardous materials.
-

Clinical Benefits for Hospital Laboratories

- Delivers reproducible and clinically reliable results.
- Supports accurate diagnosis with high-quality digital readings.
- Enhances laboratory efficiency with fast, automated processing.

Emergency Testing Performance

- Rapid turnaround time supports urgent clinical decisions.
 - Consistent, error-free digital readings reduce delays in emergency cases.
-

Why Hospitals Choose

- Trusted Arkray technology with proven performance in diagnostic settings.
 - Seamless integration with LIS for smooth data flow.
 - Long-lasting, low-maintenance device ensures high uptime and reduced operational costs.
-

Transform Your Laboratory Today

Upgrade to the Arkray U120 Smart and bring digital precision, speed, and reliability to your urine analysis workflow.
